

CROYDON & DISTRICT MOTOR CLUB LIMITED

THE TERRY DOUCE MEMORIAL THREE COUNTIES TOUR

SUNDAY 20th MAY 2018

WHYTELEAF FC

The Croydon & District Motor Club Limited welcomes you to the

TERRY DOUCE MEMORIAL THREE COUNTIES TOUR 2018

The event will run in support of THE SANDCASTLE TRUST

The "3CT" is being run by members of the Club and friends of Pam and Terry as a tribute to their support and enthusiasm for the Club over many years.

The event will have no timed or competitive element and is intended as an opportunity for you to drive your Classic Car through the picturesque lanes of The Surrey Hills, Sussex and the Weald of Kent in what we hope will be perfect late Spring weather.

The route will be defined by a very clearly designed "TULIP" road book with the start being at **Whyteleafe Football Club** where a bacon or sausage sandwich with tea/coffee breakfast will be provided at no extra charge. After approximately 40 miles, we will stop for coffee and cake at **The Llama Farm** near Wych Cross on the A22 where there will also be an opportunity to acquaint yourselves with a very friendly group of woolly South Americans.

We then depart for the homeward run to **Whyteleafe Football Club** where a sumptuous late buffet lunch will be available (also included) with a licensed bar where you can buy a glass or two of something suitable to wash it down.

The event is raising funds for The Sandcastle Trust which is a newly formed charity to give parents of children with serious genetic disorders the opportunity of some respite holiday where otherwise, this would not be possible. This is something that is very close to Pam & Terry's hearts as a close family member is so affected.

We look forward to receiving your early entry as only 40 places are available.

The Sandcastle Trust exists to enhance the family lives of those affected by rare genetic conditions through the provision of special day trips, short holidays and respite breaks. Our mission is to help affected families escape, for a short time, the emotional, physical and financial strains of their daily lives, build lasting positive family memories and strengthen family relationships.

There is a significant body of academic research that highlights the positive impact that holidays and spending quality time together as a family have on health, wellbeing, happiness and quality of life. This is especially important for families where a member has been diagnosed with a rare genetic condition as life can often be very bleak with little hope of a cure or effective treatments. Some of the diseases are so rare there are often insufficient patients to participate in drug trials and in any event there tends to be a lack of appetite from pharmaceutical companies to invest in research when the market is so small. We believe there needs to be a greater recognition of the impact a family member (be that a child, parent or sibling) being diagnosed with a rare genetic condition has on the rest of the family. A simple break away from their daily struggles can offer holistic respite for the whole family, reduce stigma and social isolation as well as giving families affected by rare genetic conditions the opportunity to experience the same life experiences as other people.

This is a hugely underfunded area. The Sandcastle Trust receives no government funding and is run solely by volunteers who fundraise hard to support as many affected families as possible. All donations to the charity will have an enduring impact on the lives of those affected by rare genetic conditions.
